REPORT OF SCHOOL BOARD.

The schools during the last two terms have, at times, been interrupted by sickness on the part of teachers and pupils, especially in districts No. 1, 3, 4, 9 and 12. As a result the progress has been somewhat retarded and the attendance, perhaps, not equal to the average of last year.

A few of the eighth grade scholars who expect to be promoted to the High school next June, or even in September, must attend school regularly next term, otherwise they will fail to reach the goal. However, all points considered, most of the pupils have done good work and we feel sure that the teachers have worked faithfully to advance the grades.

Referring to repairs on school buildings, will say the school house in No. 9 has been furnished with new desks, chairs and a hard wood floor, and the interior woodwork painted. The ceiling and walls of the school room in No. 3, and the outside of the school house in No. 12 were newly painted, and small improvements had to be made in other districts.

Owing, partly, to the reason that help could not always be found, a few of the more expensive improvements have been left until next vacation. Another reason for delay may be found in the fact that members of school board can not always take enough time from their home duties to properly look after everything that needs to be done for our schools. Nothing less than *constant care* of the school buildings and school room work will meet the demands of the parents and pupils, and fulfill the requirements of our school laws and the present school system of New Hampshire.

In passing, let us thank everyone for their kind treatment during the last term of office.

ANNIE S. LITTLE, *Chairman.*
